

Incident Card

In the event of an accident involving a 3rd Party, please hand them one of the cards below. Add your registration number to the card before you hand it over.

It is important to take pictures on your mobile phone of any third party registration numbers and damages as well as the scene of the incident. This will help us defend the claim and recover the costs.

Please remove memory cards from dashcams immediately following an incident to prevent the footage from being overwritten

Please email any images/footage to claims@kafleet.com. If you have any issues emailing the images/footage please contact us on 01206 257212.
